Material Safety Data Sheet

ENDUST

1. Product and company identification

Trade name of product : ENDUST

Product use : Furniture Cleaner - Care Product

Product dilution information : Not applicable

Supplier's information: Ecolab Inc. Institutional Division

370 N. Wabasha Street St. Paul, MN 55102 1-800-352-5326

Code : 907261

Date of issue : 26-November-2012

EMERGENCY HEALTH INFORMATION: 1-800-328-0026
Outside United States and Canada CALL 1-651-222-5352 (in USA)

2. Hazards identification

Product AS SOLD

Physical state : Aerosol Emergency : WARNING!

overview . WARNING

FLAMMABLE AEROSOLS.
MAY CAUSE EYE IRRITATION.

MAY CAUSE ALLERGIC SKIN REACTION.

CONTENTS UNDER PRESSURE.

Can cause central nervous system (CNS) depression. Intentional misuse by deliberate inhalation may be

harmful or fatal.

Avoid contact with eyes, skin and clothing. Avoid breathing vapors, spray or mists. Keep away from heat, sparks and flame. Keep away from heat and direct sunlight. Do not puncture, incinerate or store the container at temperatures above 49°C (120°F) or in direct sunlight. Keep container tightly closed. Use only with adequate ventilation. Wash thoroughly after

handling.

Potential acute health effects

Product AS SOLD

Eyes : Slightly irritating to the eyes.

Skin : Slightly irritating to the skin. May cause sensitization

by skin contact.

Inhalation : Slightly irritating to the respiratory system. High vapor

concentrations can cause headaches, dizziness,

drowsiness and nausea and may lead to

unconsciousness.

Ingestion: May be harmful if swallowed. Ingestion may cause

nausea, weakness and central nervous system

effects.

See toxicological information (Section 11)

Product AT USE DILUTION

Product is sold ready to use.

Product is sold ready to use.

First aid measures 4.

Product AS SOLD

Eye contact : Rinse with water for a few minutes.

Skin contact : In case of contact, immediately flush skin with plenty

of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Clean shoes

thoroughly before reuse.

Inhalation : No special measures required. Treat symptomatically.

Do not induce vomiting. Never give anything by mouth Ingestion

to an unconscious person. Get medical attention

immediately.

Product AT USE DILUTION

Product is sold ready to use.

5. Fire-fighting measures

Product AS SOLD

Hazardous thermal decomposition products : Decomposition products may include the following materials:

carbon dioxide carbon monoxide

Fire-fighting media and instructions

: Use an extinguishing agent suitable for the surrounding fire.

Use water spray to keep fire-exposed containers cool. Containers may explode when heated. Ruptured cylinders may rocket. Dike area of fire to prevent runoff. Flammable aerosol. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of a subsequent explosion. Gas may accumulate in low or confined areas or travel a considerable distance to a source of ignition and flash back, causing fire or explosion. Bursting aerosol containers may be propelled from a fire at high speed. Runoff to sewer may create fire or explosion hazard.

Special protective equipment for fire-fighters

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental release measures

Product AS SOLD

Personal precautions : Use personal protective equipment as required.

Environmental precautions

: Avoid contact of large amounts of spilled material and

runoff with soil and surface waterways.

Product AT USE DILUTION

ENDUST 26 November 2012

6. Accidental release measures

Methods for cleaning up

: If emergency personnel are not present, contain and collect small spillages with non-combustible absorbent material, e.g. sand, earth or other suitable material and place in a suitable container for disposal. Use a water rinse for final clean-up.

7. Handling and storage

Product AS SOLD

Handling: Avoid contact with eyes, skin and clothing. Avoid breathing vapors, spray or mists. Keep away from heat, sparks and flame. To avoid fire, eliminate ignition sources. Liquid and vapor under pressure.

Do not puncture or incinerate container. Use only with

Do not puncture or incinerate container. Use only with adequate ventilation. Wash thoroughly after handling.

: Keep out of reach of children. Keep container in a

cool, well-ventilated area. Store in a closed container. Keep container tightly closed and sealed until ready for use. Do not puncture or incinerate container. Avoid all possible sources of ignition (spark or flame).

Store between the following temperatures: 0 and 40°C

Product AT USE DILUTION

Product is sold ready to use.

8. Exposure controls/personal protection

Product AS SOLD

Engineering

measures

Storage

: Use only with adequate ventilation. If user operations generate dust, fumes, gas, vapor or mist, use process enclosures, local exhaust ventilation or other

engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits. The engineering controls also need to keep gas, vapor or dust concentrations below any

lower explosive limits.

Personal protection

Eyes : No protective equipment is needed under normal use

conditions.

Hands : Use chemical-resistant, impervious gloves.

Skin : Use suitable protective equipment.

Respiratory : No special protection is required.

Physical and chemical properties 9.

Product AS SOLD

Physical state : Aerosol

Flash point : Not applicable.

Color : White Odor : Floral Ha : 7

Boiling/condensation : $<35^{\circ}C$ ($<95^{\circ}F$)

Relative density: 0.84 to 0.86

Solubility : Easily soluble in the following materials: cold water

and hot water.

Stability and reactivity 10.

Product AS SOLD

Stability The product is stable. Under normal conditions of storage and use, hazardous

polymerization will not occur.

Slightly reactive or incompatible with the following materials: oxidizing materials. Reactivity

Hazardous decomposition

products

Under normal conditions of storage and use, hazardous decomposition products should

not be produced.

Hazardous polymerization : Under normal conditions of storage and use, hazardous polymerization will not occur.

Toxicological information 11.

Potential acute health effects

Product AS SOLD

: Slightly irritating to the eyes. Eyes

Skin : Slightly irritating to the skin. May cause sensitization

by skin contact.

Inhalation : Slightly irritating to the respiratory system. High vapor

concentrations can cause headaches, dizziness,

drowsiness and nausea and may lead to

unconsciousness.

: May be harmful if swallowed. Ingestion may cause Ingestion

nausea, weakness and central nervous system

effects.

Product AS SOLD Other adverse effects

Target organs : Contains material which may cause damage to the following organs: heart, upper

respiratory tract, eyes, central nervous system (CNS).
