IMPORTANT SAFEGUARDS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER.

WARNING

To reduce the risk of fire, electric shock, or injury:

- Do not use outdoors or on wet surfaces.
- **Do not leave vacuum cleaner when plugged in.** Turn off the switch and unplug the electrical cord when not in use and before servicing.
- This appliance is provided with double insulation. Use only identical replacement parts. See instructions for Servicing of double-insulated appliances.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If vacuum cleaner is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center before using.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run vacuum cleaner over cord. Keep cord away from heated surfaces.
- Do not use extension cords or outlets with inadequate current carrying capacity.
- Turn off all controls before unplugging.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or vacuum cleaner with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
- This vacuum cleaner creates suction and contains a revolving brush roll. Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not place cleaner on furniture or stairs as the brush roll may cause damage. Place cleaner on floor with the handle in storage position while using attachments.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without dust bag or filter(s) in place.
- Belt pulleys can become hot during normal use. To prevent burns, avoid touching the belt pulley when servicing the drive belt.
- Use extra care when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids such as gasoline, or use in areas where they may be present.
- Store your cleaner indoors in a cool, dry area.
- Keep your work area well lighted.
- Unplug electrical appliances before vacuuming them.

SAVE THESE INSTRUCTIONS

To reduce the risk of electric shock, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way.

GENERAL INFORMATION

Use the cleaner to pick up dirt and dust particles. Avoid picking up hard or sharp objects that could damage the vacuum cleaner.

Service Information

The instructions in this booklet serve as a guide to routine maintenance. For additional service information, telephone our toll free number for the nearest Sanitaire/Eureka Authorized Warranty Station. **You should know the model, type and serial number or date code when you call:**

USA: 1-800-800-8975
Mexico: (55) 5343-4384
Canada: 1-800-800-8975

If you prefer, you can write to Electrolux Home Care Products North America, Consumer Service, P.O. Box 3900 Peoria, Illinois 61612, USA. In Canada write to Electrolux Home Care Products North America, 866 Langs Drive, Cambridge, Ontario N3H 2N7. Refer to The Sanitaire Limited Warranty for complete service information.

DO NOT OIL the motor or the brush roll. The motor and brush roll are permanently sealed and lubricated.

Thermal Cut Off

This vacuum cleaner has a special thermostat that protects the cleaner in case of motor overheating. If the cleaner suddenly shuts off, push the on/off switch off (O) and unplug the cleaner. Check the cleaner for a possible source of overheating such as a full dust cup, a blocked hose or clogged filter. If these conditions are found, fix them and wait at least 30 minutes before attempting to use the cleaner. After the 30 minute period, plug the cleaner back in and push the on/off switch on (I). If the cleaner still does not run, then take it to a Sanitaire/Eureka Authorized Service Center for repair.

ENGLISH

THE SANITAIRE® COMMERCIAL LIMITED WARRANTY WHAT THIS WARRANTY COVERS

Your Sanitaire commercial cleaner is warranted to be free from all defects in material and workmanship in normal use FOR A PERIOD OF TWO YEARS. The warranty is granted only to the original purchaser of the cleaner. The warranty is subject to the following provisions.

WHAT THIS WARRANTY DOES NOT COVER

Parts of the cleaner that require replacement under normal use, such as bumpers, filters, bristle strips, belts, light bulbs and hoses. Damages or malfunctions caused by negligence, abuse, or use not in accordance with Owner's Guide. Defects or damages caused by unauthorized service.

The E.H.C.P. Company will, at its option, repair or replace a defective cleaner or cleaner part that is covered by this warranty. As a matter of warranty policy, the Sanitaire Company will not refund the consumer's purchase price.

OBTAINING WARRANTY SERVICE

To obtain warranty service you must return the defective cleaner or cleaner part along with proof of purchase to any Sanitaire Authorized Warranty Station. You will find the nearest location in the Yellow Pages under "Vacuum Cleaners-Service and Repair." Be certain that the Warranty Station is "E.H.C.P. Authorized."

For the location of the nearest Sanitaire Authorized Warranty Station or for service information, telephone toll free: 1-800-800-8975 or write to:

E.H.C.P.

Service Division,
807 North Main Street
Bloomington, IL 61701

If it is necessary to ship the cleaner outside your community to obtain warranty repair, you must pay the shipping charges to the Sanitaire Authorized Warranty Station. Return shipping charges will be paid by the Warranty Station. When returning parts for repair, please include the model, type, and serial numbers from the data plate on the cleaner.

FURTHER LIMITATIONS AND EXCLUSIONS

Any warranty that may be implied in connection with your purchase or use of the cleaner, including any warranty of MERCHANTABILITY or any warranty for FITNESS FOR A PARTICULAR PURPOSE is limited to the duration of this warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

ESPAÑOL

LO QUE CUBRE ESTA GARANTÍA

Su aspiradora Sanitaire está garantizada contra todo defecto de material y mano de obra durante su uso normal en el hogar DURANTE EL PERÍODO DE DOS AÑOS. La garantía se otorga sólo al comprador original y a los miembros de su familia inmediata. Esta garantía está sujeta a las siguientes disposiciones.

LO QUE NO CUBRE ESTA GARANTÍA

Las piezas de la aspiradora que deban reemplazarse durante el uso normal, tales como las bolsas para polvo descartables, los filtros, las correas de impulsión, los bombillos eléctricos, las cerdas del cepillo circular y los impulsores. Esta garantía tampoco cubre la limpieza de la aspiradora. Los daños o las averías que hayan sido causados por negligencia, abuso o uso que no esté de acuerdo con la Guía del propietario.

E.H.C.P. a su elección, reparará o reemplazará cualquier aspiradora o pieza defectuosa que se encuentre cubierta por esta garantía. Por política de la garantía, la compañía Electrolux Home care Products North America no devolverá el precio de compra al consumidor.

CÓMO OBTENER SERVICIO BAJO LA GARANTÍA

Para obtener servicio mientras el producto se encuentra bajo garantía, debe enviar la aspiradora o pieza defectuosa, junto con una prueba de compra, a cualquier Estación de Garantía Autorizada de Sanitaire. Puede encontrar la estación más cercana en las Páginas Amarillas, bajo el encabezado "Vacuum Cleaners - Service and Repairs". Asegúrese de que la E.H.C.P. Estación de Garantía esté "Autorizada por Sanitaire".

Para obtener la dirección de la Estación de Garantía Autorizada de Sanitaire más cercana o para obtener información sobre servicio, llame gratuitamente los siguientes teléfonos: Estados Unidos: 1-800-800-8975. Si lo prefiere, puede escribir a la empresa:

E.H.C.P.

Service Division,
807 North Main Street
Bloomington, IL 61701

Si tiene que enviar la aspiradora fuera de su localidad para que la reparen mientras se encuentra bajo garantía, usted deberá pagar los gastos de envío hacia la Estación de Garantía Autorizada de Sanitaire. Los gastos de envío de regreso serán abonados por la Estación de Garantía. Cuando envíe piezas que necesiten reparación, tenga la bondad de incluir el modelo, el tipo y el número de serie que aparecen en la placa de datos de la aspiradora.

FURTHER LIMITATIONS AND EXCLUSIONS

Cualquier garantía implícita en relación con la compra o el uso de su aspiradora, incluyendo cualquier garantía de Comerciability o de Aptitud para una finalidad determinada, está limitada a la duración de esta garantía. Algunos estados no aceptan limitaciones en cuanto a la duración de una garantía implícita, de modo que es posible que las limitaciones anteriores no se apliquen en su caso.

FRANÇAIS

GARANTIE LIMITÉE POUR ASPIRATEUR COMMERCIAL SANITAIRE

Votre aspirateur commercial Sanitaire est garanti n'avoir aucun défaut de matériel ou de fabrication dans des conditions d'utilisation normale pendant UNE PÉRIODE D'UNE ANNÉE. Cette garantie est donnée uniquement à l'acheteur original de l'aspirateur. La garantie est assujettie aux provisions suivantes.

CE QUI N'EST PAS COUVERT PAR CETTE GARANTIE

Certaines pièces demandent à être remplacées au cours de l'usage normal de l'appareil, telles que pare-chocs, sacs, brosses en soie de sanglier, courroies, ampoules, tuyaux, et roues.

E.H.C.P. à sa discrétion, réparera ou remplacera un aspirateur défectueux ou une pièce défectueuse qui est couverte par cette garantie. En ce qui concerne la politique de la garantie, Electrolux Home Care Products ne remboursera pas le prix d'achat au consommateur.

COMMENT FAIRE APPLIQUER LA GARANTIE

Pour faire appliquer la garantie pour la réparation d'un appareil, ou de pièces sous garantie, il faut renvoyer l'appareil ou les pièces qui ne fonctionnent pas, avec la preuve d'achat à n'importe quel Centre service agréé Sanitaire. Vous trouverez le centre le plus proche dans les Pages Jaunes sous « Aspirateurs—service et réparation ». Soyez certain le Centre service est « agréé Sanitaire ».

Pour le Centre Service agréé Sanitaire le plus proche pour les renseignements sur le service, téléphonez au numéro gratuit : États-Unis d'Amérique : 1-800-800-8975. Si vous le préférez, vous pouvez écrire à :

E.H.C.P.

Service Division,
807 North Main Street
Bloomington, IL 61701

S'il est nécessaire d'envoyer l'aspirateur en dehors de votre communauté pour la réparation garantie, vous devez payer les frais d'envoi au Centre service agréé Sanitaire. Les frais de renvoi seront payés par le Centre service agréé. Si vous renvoyez les pièces pour réparer, veuillez inclure les numéros de modèle, type, et série qui se trouvent sur la plaque signalétique située sur l'aspirateur.

D'AUTRES LIMITATIONS ET EXCLUSIONS

Toute garantie qui peut être impliquée en relation avec votre achat ou utilisation de l'aspirateur, y compris toute garantie de valeur commerciale ou toute garantie pour L'ÉQUIPEMENT DESTINÉ À UN BUT PARTICULIER est limitée à la durée de cette garantie. Certains états ne permettent pas de limitations sur la durée d'une garantie en question. Ainsi, les limitations ci-dessus peuvent ne pas s'appliquer à vous.

QUICK REFERENCE

WARNING: Avoid injury. Keep loose clothing, hair, fingers, and all other parts of body away from any moving part (such as the revolving brush). Turn off the switch and unplug the cleaner before changing the cleaner height setting.

1. **Cord Retainer.** To use, push electrical cord down into cord retainer.
2. **ON/OFF Switch.** International symbol **I** means On, International symbol **O** means Off.
3. **Bag Compartment Latch.** Pull up on latch to remove bag compartment door giving access to the dust bag and motor filter.
4. **Filter Door Latch.** Push down on latch and pivot out for access to the filter compartment. Push up on latch to close door.
5. **Stair Handle.** To use when cleaning stairs.
6. **Headlight.** (On some models.)
7. **Handle Release.** Step on handle release to pull handle back to a comfortable operating position.
8. **Cleaner Height Setting.** An adjustment that raises or lowers the cleaner base to match the type of floor surface.

9. **Hose Retainers (4).** Place hose in retainers to store hose on unit.
10. **Electrical Cord Hooks (2).** Wrap electrical cord around them to store electrical cord on unit. The upper cord hook rotates for quick cord release.
11. **Nested Wand Storage.** The crevice wand stores inside the larger wand.
12. **Carrying Handle.** Use this handle to carry unit from one place to another.
13. **Dusting/Upholstery Brush Storage.** Store the dusting brush on back of cleaner.

NOTE: WHEN UNIT IS RUNNING, DO NOT ATTEMPT TO REMOVE ANY OBJECT WHICH PREVENTS THE BRUSH ROLL FROM TURNING.

First, turn off unit, unplug from the electrical socket, then remove object from brush roll area. Ex: sock, rug, etc.

Helpful Information:

Listen to your cleaner. If you notice a change in the sound of the motor or a change in performance, it could simply indicate a common usage or maintenance issue. Such as, a need to raise or lower the carpet height adjustment, possible blockage in hose or brush roll area, or a broken or loose brush roll belt. These are all easy to fix and the instructions are included in this owner's guide. Becoming familiar with the information in this guide will help you to get the best possible performance from your new cleaner for many years to come.

HOW TO ASSEMBLE

CAUTION: Assemble the cleaner before using.

CAUTION: Moving parts, make sure on/off switch is in off (0) position before plugging in.

NOTE: Features may vary by model yet all parts assemble the same.

Attach Handle

CAUTION: Do not catch cord under handle.

1. From rear of cleaner, align handle with groove and slide onto cleaner. If necessary, use thumb and finger pressure to slide handle into position.
2. Attach handle with the two 1 inch screws provided in the assembly packet. Use a Phillips® head screwdriver.

NOTE: Hand tighten with screwdriver to be sure both screws are firmly seated.

Attach Hose

3. Pick up hose and lay across upper hose retainer.
4. Push the end of the hose in the lower hose retainer to secure.

Store Hose and Accessories

Store Electrical Cord

5. You will find your cord retainer on the handle above the upper cord hook. Firmly push the electrical cord down into the cord retainer. This will place the cord out of the way the next time you vacuum.
6. Next wind the cord around the two cord hooks on the back side of cleaner.
7. Secure the plug to the cord to prevent unwinding.
8. For quick and easy cord removal, the upper cord hook swivels.

HOW TO USE

1. **Handle Release.** Step on handle release to pull handle back to a comfortable operating position. To lower handle completely to the floor, depress handle release a second time.

Helpful Information:

Before cleaning under low furniture, check area first for objects that might harm the unit or block the vacuum hose.

2. **Cleaner Height Setting.** An adjustment that raises or lowers the cleaner base to match the type of floor surface. With the cleaner cord unplugged, set the adjustment to lowest setting for maximum carpet cleaning. **If the cleaner is difficult to push, move adjustment to next highest setting until cleaner is comfortable to push.** The brush roll must reach the carpet for effective cleaning. For ease in moving the adjustment knob, place handle in operating position and tilt cleaner back to remove weight from front wheels.

WARNING: Avoid injury. Keep loose clothing, hair, fingers, and all other parts of body away from any moving part (such as the revolving brush). Turn off the switch and unplug the cleaner before changing the cleaner height setting.

NOTE: While using accessories, do not place cleaner on furniture or steps as the brush roll may cause damage. Place cleaner on floor with the handle in storage position.

1. To use accessories remove hose from lower hose retainer by lifting up and twisting.

2. Place desired accessory onto end of hose or wand.

Dusting/Upholstery Brush is for furniture, blinds, books, lamp shades, shelves, curtains, draperies, cushions and fabrics.

Crevice Wand cleans corners, stairs, baseboards, and between cushions.

Nested extension wands to add reach.

ROUTINE MAINTENANCE

The instructions in this booklet serve as a guide to routine maintenance. To avoid unnecessary service calls, check the filters, belt, and brush roll often.

NOTE: When vacuuming carpet fresheners or cleaners, powder, plaster dust, or similar fine substances, the filters will require more frequent maintenance.

NOTE: Turn off the switch and unplug the electrical cord before changing the filter. Never operate the vacuum cleaner without the filter assembly in place.

Removing the Dust Bag: Style LS, PN 61820

- 1 Remove dust bag cover by lifting up on latch and pivoting dust bag cover out and away from cleaner.

- 2 Grasp dust bag flaps and pull out from cleaner.

Installing New Dust Bag:

Reinstalling the Dust Bag Cover:

Place the bottom of the dust bag cover on cleaner lining up grooves on outer edge of cover with rails on side of cleaner. Rotate cover up, pressing against cleaner until it locks into place.

ROUTINE MAINTENANCE (continued)

Pre-Motor Filter

Check the pre-motor filter each time the dust cup is emptied. Clean or replace as needed.

To Clean Pre-Motor Filter

1. Remove filter centered in the bottom of the dust cup compartment.
2. Shake filter to remove excess dust. If necessary, the filter can be cleaned by vacuuming with another cleaner or washing with mild detergent.
3. Reinstall filter after completely dry.

Use replacement pre-motor filter, Part No. 71480.

Models equipped with Cartridge Filter (Only cartridge style filters can be used with these models.)

Check the True HEPA filter each time dust cup is emptied. Replace twice a year or as needed.

To remove True HEPA cartridge filter

1. Push down on filter door latch and pull door away from cleaner.
2. Push down on HEPA cartridge latch and remove filter.

To replace True HEPA cartridge filter

1. Place bottom tabs of filter cartridge into slots. Rotate filter toward cleaner, press firmly against cleaner to latch. **Make sure True HEPA cartridge latch is secured on both sides.**
2. Replace filter door by placing tabs of door into slots on cleaner. Rotate door up and against cleaner until it locks into place.

NOTE: To have the benefit of a sealed True HEPA system, you must use one of the True HEPA cartridge filter systems.

Use replacement True HEPA filter, HF5.

How To Clean Filters

1. Remove from cleaner.
2. To remove debris, tap filter against waste container or brush off. You may also vacuum the filter using a different cleaner. If filter needs further cleaning, wash under warm running water.
3. **When all parts are completely dry**, follow the above steps in reverse to reassemble.

NOTE: Do not put any parts in a dishwasher.

NOTE: Your washable filter may need to be replaced if cleaning it does not restore cleaning performance.

PERIODIC MAINTENANCE

How To Change Light Bulb (Only for models with a headlight)

NOTE: Turn off the power switch and disconnect the electrical cord before changing light bulb.

1. Lower handle. Remove the screw from lens cover.
2. Pull lens cover from cleaner.
3. Pull old light bulb out of socket.
4. Push new light bulb into socket.
5. Replace lens cover.
6. Secure with screw.

Use replacement light bulb, Part No. 57940-2.

PERIODIC MAINTENANCE (CONTINUED)

Brush Roll

The brush roll turns as it sweeps and combs the carpet nap. Remove hair and threads from the brush roll so it continues brushing the carpet. To maintain the most efficient cleaning, the bristles must touch the carpet. To test the bristle length, hold a ruler against the underneath side of the cleaner. If the bristles no longer touch the ruler, replace the brush roll.

Brush Roll Belt, Style U

The brush roll belt turns the brush roll to agitate, sweep, and comb the carpet nap. Check the belt regularly to be sure it is in good condition. Replace the belt if it stretches, cracks or loses tension. Cut away any hair or threads wound around the brush roll or the belt pulley because the buildup could cause the belt to rotate unevenly.

How To Replace Brush Roll Belt

NOTE: Turn off the switch and unplug the electrical cord before replacing belt. Belt pulleys can become hot during normal use. To prevent injury, avoid touching the motor shaft when changing the belt.

1. Lower handle to floor to change belt.
2. Remove three screws indicated by screwdrivers in above illustration. Lift hood to remove.

NOTE: The carpet height adjustment has to be in the lowest or highest position to remove or reinstall the hood.

3. Lift left end of brush roll.
4. Remove and discard old brush roll.

6. Place new brush roll around motor shaft.

6. Place belt around brush roll pulley.
7. Align left end cap with base. Push end cap securely into place.
8. Push right end cap into base until it snaps into place.

IMPORTANT

9. Rotate brush roll by hand two full rotations to properly position belt.

10. Place hood back on cleaner. Make sure hood front is behind furniture guard. Replace three screws.
11. Tighten screws.

Use replacement belt, Style U.

Problem Solving

To Clear Blockages in Hose

CAUTION: Turn off the switch and unplug the electrical cord before clearing hose.

1. Locate upper hose adapter on the back of the cleaner.
2. Remove nested wands from back of cleaner for easy access to hose adapter tabs.
3. Press hose adapter tabs together and pull hose adapter away from cleaner. The hose adapter will unscrew off hose for easy access to debris if necessary.
4. Check for blockages at cleaner opening and in hose. **If no blockage is found, continue to step 5.** If blockage is found, clear and continue to step 11.

5. Locate lower hose adapter on the back of the cleaner.
6. Remove lower hose adapter from rear of cleaner by lifting up and twisting.
7. Check for blockages in the hose and base hose. Flexing the hose may help loosen any blockage. **If no blockage is found, continue to step 8.** If blockage is found, clear and continue to step 11.

8. Remove hood from cleaner and check for a blockage in the brush roll area. Make sure the hose inlet is clear.
9. After the blockage is found and cleared, replace the hood on the cleaner.
10. Place lower hose adapter back into the base hose.
11. Install the upper hose adapter onto the back of the cleaner, line it up with the cleaner opening and push it against the cleaner until **both** tabs lock into place.

NOTE: Turn off the switch and unplug the electrical cord before servicing.

PROBLEM	SOLUTION
Motor will not start.	Push plug securely into outlet. Try another outlet. Check circuit breaker.
Motor suddenly stops.	Thermal Cut Off, see Page 3.
Does not clean the carpet or floor.	Clean or replace the filters: Hint: If picking up fine dust, the filters may not look dirty, but a fine substance tends to reduce suction when it blocks the airflow through the filters. Be sure the dust bag is properly seated into the cleaner body. Page 8. Replace dust bag. Page 8. Be sure hose adapter is secure on back of cleaner. Page 11. Check base hose and long hose. Page 11. Replace a broken, cut, loose or out of shape belt. Clean hair and thread from bristles and end cap area. Replace brush roll if bristles are worn.
No suction at the end of hose.	Be sure hose adapter is secure. Page 11. Clean or replace filters. Hint: If picking up fine dust, the filters may not look dirty, but a fine substance tends to reduce suction when it blocks the airflow through the filters. Remove any clogs from the hose that restrict the airflow. Check base hose and long hose. Page 11. Replace dust bag. Page 8
Headlight not working.	Replace light bulb. Page 9.
Noise from brush roll area.	Remove hood and clean debris or items from the brush roll area. Replace a broken, cut, loose or out of shape belt. Page 10.
Cleaner is hard to push.	Put handle in operating position. Tilt the cleaner back to raise the front wheels off floor. Then turn the knob to a higher setting. Replace a broken, cut loose or out of shape belt. Page 10.
Cleaner height knob will not turn.	Hint: Put handle in operating position. Tilt the cleaner back to raise the front wheels off floor. Then turn the knob.
Bag Cover will not go onto cleaner properly.	Dust bag must be installed properly in cleaner or bag cover will not go onto cleaner. Make sure the dust bag cardboard flange is on the support shelf. See page 8.
Hood will not come off.	Hood cannot be removed from cleaner unless the cleaner height setting is in the lowest or highest position. All three screws must be removed from the top of the hood. Page 10.
Missing parts or questions?	Call 1-800-800-8975 between 8 a.m. to 7:30 p.m. (CST), Monday through Friday and 10 a.m. to 6:30 p.m, Saturday. Know the model and serial numbers when you call.
