Rinsability	Excellent
Density	8.40
Viscosity	Water Thin
Foaming Characteristics	Excellent
V.O.C. Content	3.0%

Hope.

There is no greater power on this planet than the hope and will of the mother. We mothers do it all. Often it's without a "Thanks Mom!". We also do our share of worrying. Worrying that our kids are happy and have educational opportunities to achieve their dreams. That is our greatest legacy in teaching our kids to never... never...ever...lose hope.

Education.

PuroAzul understands the power of Hope and Education. That's why every time you purchase any of our products, we will provide well-needed money to your kid's local school. Just clip the coupon on this label and follow the rules and instructions at www.Cash4KidsEducation.org. And ... thanks Mom!
