Deodorizante Bioenzimatico

Ravage Bio OdorEater Bio-Enzymatic Deodorizer

This is Mother Nature's first assistant to digest foul horrible odors and degrade grease, oil, and fats in the entire waste system. This bioenzymatic cleaner and digester contains a selection of specialized bacterial strains and cleaners specifically designed to make your toilets, sinks, showers, and pipelines sparkle like they never have before while enhancing and maintaining the efficient operation of sewage treatment systems. Unlike some other harsh deodorizers, Ravage is kinder to people and pets.

DIRECTIONS

Read entire container label before using this product.

BOWL CLEANER: Use daily as a toilet cleaner. Adequately cover the interior surface of the toilet bowl with a bowl mop. Leave this bio-enzymatic cleaner in the bowl for as long as possible or until the first flush. For heavy encrustation a bowl mop may be needed.

DEODORIZER: Physically remove as much of the source of the malodor as possible. Follow this by mopping directly on the source of odor with a cloth moistened with this product.

DRAIN LINES AND DOWN PIPES: Daily use in shower, sink, and tub drains will keep pipes free and clear of grease, fats, and other solid waste. Use product 2 to 4 times weekly. Add just 2 oz. of product for each inch of pipe size. Example: 1" pipe=2 oz. product, 4" pipe=8 oz. product, etc. Regular use will not damage pipes or chrome.

BOAT AND RECREATIONAL VEHICLES: Add 2 oz. per gallon of water in holding tank. Then use one pint per week for maintenance. To maintain scuppers on marine vessels add this product daily. Our most popular fragrance negates odor while enzymes work.

Worrying that our kids are happy and have educational opportunities to achieve their dreams. That is our greatest legacy in teaching our kids to never... never... ever... lose hope.

Education.
